Generator Certification

Does this waste contain any of the following?:

PCBs <input type="checkbox"/>	Radioactive <input type="checkbox"/>	NESHAP Benzene <input type="checkbox"/>
Asbestos <input type="checkbox"/>	Listed Waste <input type="checkbox"/>	De-listed Waste <input type="checkbox"/>
Auto Fluff <input type="checkbox"/>	Pesticide <input type="checkbox"/>	De-characterized Waste <input type="checkbox"/>
Halogens <input type="checkbox"/>	Herbicide <input type="checkbox"/>	Infectious Waste <input type="checkbox"/>
Phenolics <input type="checkbox"/>	Fungicide <input type="checkbox"/>	Hazardous (40 CFR 261) <input type="checkbox"/>

Is the waste represented by the profile an Illinois Special Waste? Yes No
 (All Industrial Process Waste or Pollution Control Waste containing free liquids is an IL Special Waste)

How has the generator determined the waste is / is not a RCRA hazardous waste?
 Generator Knowledge MSDS (attach) Analytical (attach)

I hereby certify that the above and attached description is complete and accurate to the best of my knowledge and ability. I certify that all relevant information within the possession of the Generator regarding known or suspected hazards associated with the material described above have been disclosed to Illini Environmental, Inc.. I also certify that the obtained sample (if necessary) is a representative of the material described above and give Illini Environmental, Inc. permission and consent to make amendments and corrections. I will notify Illini Environmental, Inc. of any waste generating process changes and/or changes to the above profiled material prior to shipment.

NOTES

- * Any material that is considered a commodity product for beneficial reuse must contain less than 10% solids
- * Any material that is considered a commodity product for beneficial reuse generated from a UST/AST must have 100% confidence in generator knowledge or analytical showing flashpoint, BTEX, TCLP lead.
- * If a material is delivered to Illini Environmental, Inc. with a discrepancy, the generator has less than 24 hours to make the appropriate arrangements before a rejection fee will apply.
- * In the case that a material must be rejected, the following fees will apply:
 - * \$100.00 flat fee for drums
 - * \$95.00 per hour (portal to portal) for bulk until the material is returned
- * A sample with all profiles is preferred, but not required. The only time a sample would be required is at the Technical Service Manager's request.
- * A complete and executed copy of the profile must be obtained prior to delivering material to Illini Environmental, Inc.
- * In the case that an on-site approval is needed, a \$100.00 per profile fee will apply.
